# Dedication

*Virgil E. Smith*

TO OUR SUPERINTENDENT

To Superintendent Virgil E. Smith, who has so kindly and untiringly labored with us to make ours one of the outstanding schools, and us ideal citizens, we joyfully dedicate this, our first annual.

# Foreword

If this BULLDOG BARK brings to someone, in future years, some measure of happiness through the tender memories of days spent in E. H. S., recollections of difficult lessons mastered, the pleasures of school activities, and the unmeasured value of association, then our goal will have been reached.

# *Superintendent's Message*

I extend greetings to all and congratulations to the staff and sponsor of this, our first publication of THE BULLDOG BARK. May the pages of this year book strengthen our school spirit and bind us to our school and to each other.

I shall ever be interested in the future attainments of all the students who go out from this school, but I am more desirous that you may become good citizens. To become men and women of noble character, to be trusted and respected by those about you, to stand for the best things in your community - this is better than wealth and fame.

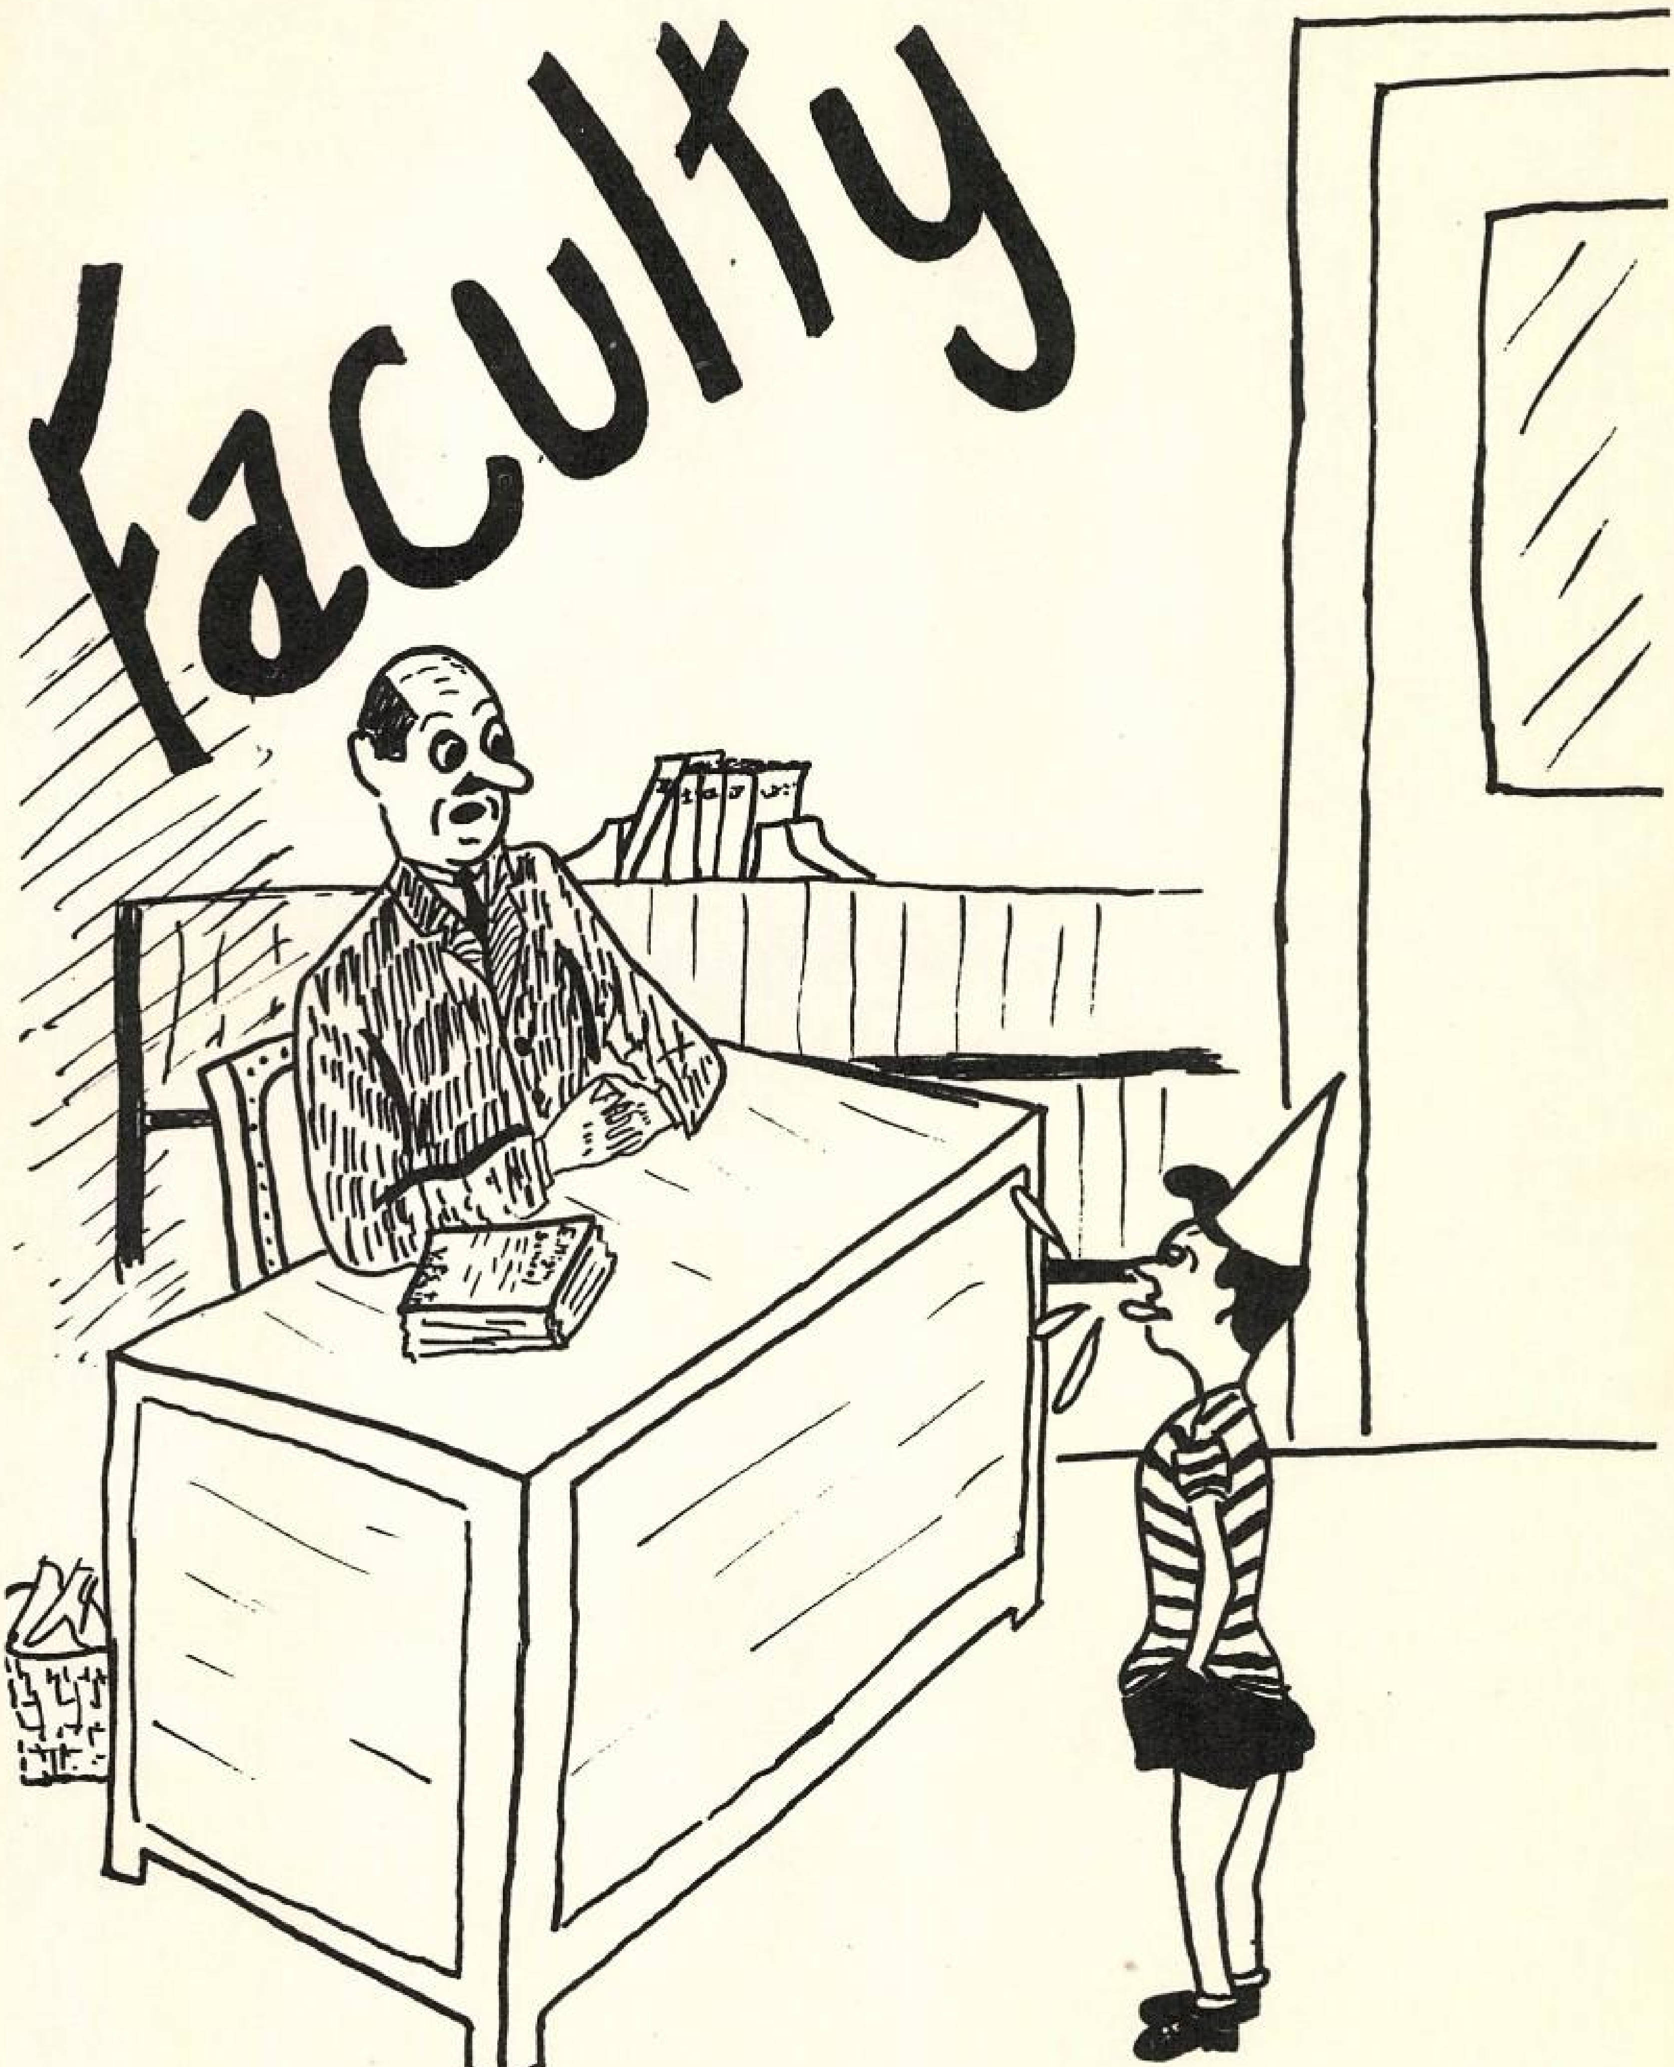

May the principles cultivated through the practice of a wholesome school spirit lead you to much success.
